# Welcome to the UKRPA Conference

On behalf of the UK Revenue Protection Association, I am delighted to welcome you to the UKRPA Conference 2026.

Revenue protection continues to evolve at pace, shaped by regulatory change, new technologies and an increased focus on customer vulnerability, safety and fairness. This conference is an opportunity to step back from day-to-day pressures, share knowledge and learn from one another as we collectively respond to the challenges facing our sector.

Over the next two days, we will hear from networks, suppliers, frontline professionals and international partners, exploring practical approaches to tackling energy theft while supporting customers and protecting communities. Collaboration sits at the heart of everything UKRPA does, and this conference reflects the value of coming together to share best practice, challenge thinking and strengthen professional standards.

Thank you for taking the time to join us. I hope you find the conference engaging, insightful and valuable, and leave with ideas and connections that support your work throughout the year ahead.

**Martin Brailsford**

**Chairperson, UK Revenue Protection Association**

# GOLD SPONSOR

## EXHIBITORS
